## *In Memoriam*

EVA MAE STREEPER

*Assistant Editor of the 1945 Tatler*

September 25, 1927—October 25, 1945

Eva Mae will always be remembered by us for her sunny disposition, her cheery smile, her vitality, and her willingness to help others. Into the few short years that were allotted to her, she crowded more of worth-while living, more of service to others, and more of sunshine and the joy of living than most people experience in a life time. It was destined that she should tarry with us only a few short years, but our lives have been enriched by the privilege of having known her.

*A group of discharged servicemen coming back to school again.*

## *Returned Servicemen*

One by one Alton High School boys laid down their pencils and took up their guns; one by one they left football and basketball victories to their younger brothers and went out to fight a far more important battle—a battle fought so that those little brothers could stay in school and learn the right way of life.

Alton High is proud of those boys, and she is proud to welcome them back. It is no easy task to come back to reading about foreign lands after seeing them or to studying the mechanism of machines you have driven. Our returned veterans are to be highly commended in their decisions to finish school and are to be wished the best of luck in all that they undertake. The seriousness of their purpose and the business-like way that they are concentrating their efforts on earning a diploma have had a leavening effect upon our entire student body.

## J. B. Johnson

Mr. Johnson is the inspiring and tireless leader around whom all our school life functions. He enjoys working with students and strives daily to add to their interest and morale. His office is always open to any student who seeks counsel or advice, and no problem is too small to merit his attention. Being young, just thirty-nine years of age, he appreciates student problems and is willing to give his aid to any one who asks for it. During the short time that Mr. Johnson has been here, he has made remarkable progress in furthering the development of our school.

As this is Mr. Johnson's first year as principal of Alton High School, we, the students, want to welcome him and to wish him the greatest of continued success.

## Our Musical Organizations

This year Alton High School can boast of the best musical department in its history. Under the very capable leadership of Mr. Guy Duker, the band has turned in some outstanding performances, appearing at football games, plays, graduation exercises, and assemblies. The band also attended the District Band Contest at Highland, where it won 2nd place honors.

Mrs. Doris Rue, our choir director, has also greatly improved our choir this year. Some lovely performances have been given for special assemblies, such as Christmas, Thanksgiving, Easter, and graduation exercises. Much praise is due to our music department this year; and we are hoping that in the years to come, it will steadily maintain the high standard that it has already set up.

RAY L. JACKSON  
*Director of Athletics, Football Coach, Boys' Counsellor*

Mr. Ray Jackson, our director of athletics, has achieved an enviable record during the seventeen years that he has coached our football teams. Five championship teams have been coached by Mr. Jackson, those of 1933, 1934, 1935, 1939, and 1944. The teams of 1933, 1935 and 1939 were undefeated. All of his other teams since 1931 have managed to finish in the upper division, with only one exception, and Jackson-coached teams have defeated Western Military Academy the last fourteen times.

He has developed such all-state football players as Sonny Schuessler, Leroy Harrison, Archie Kodros, Victor Schwartz, Joe Naughton, and Bob Astroth.

A record such as this naturally rates him as one of the outstanding coaches of the state.

He was appointed Boys' Counsellor last year in addition to his coaching duties. The boys of Alton High School are indeed fortunate to have a man of Mr. Jackson's experience and understanding to assist them in solving their problems.

Bob Astroth and the Junior Chamber of Commerce Trophy

### Bob Astroth Wins the Junior Chamber of Commerce Trophy

A group of athletic judges at the Junior Chamber of Commerce's Annual Banquet chose Bob Astroth, football captain of the '44 and '45 teams, as the outstanding player of the Alton-Wood River district and presented him with a handsome traveling trophy for this achievement. We pay tribute to Bob for bringing this honor to himself and to Alton High School.

## Football Summary

The opening of the 1945 grid season found the Redbirds with only six returning lettermen. Only one of these was a backfield man. Nevertheless, with Jackson's efficient coaching the team took shape into a powerful squad.

The first game was lost to Gillespie because some of the players had not yet found the position on the team where they could be of the most service. Charging the defeat up to good experience, Alton came back molded into both a strong offensive and a strong defensive team. Madison, Edwardsville, and Wood River fell in quick succession. Then came the toughest game of the year with East St. Louis. As usual, Alton was handicapped with much lighter-weight players; but their fighting spirit made up for this. The boys played a great game; but in the last few minutes of play, East Side scored the winning touchdown, and Alton was defeated by just 6 points. The Redbirds then easily overcame Belleville and went on to play Collingville. Again the breaks were against them, and they lost by 1 point in the last 3 minutes of play.

In the last conference game of the season, the Alton team conquered Granite City. Then came the big Thanksgiving Day game with Western Military Academy. It will be remembered as one of the coldest games ever played on Turkey Day. Both teams remained scoreless until late in the game, when a pass play set up a touchdown for Alton. Western was again defeated, 6 to 0.

If we look back on the 1945 squad's achievements, we are able to see what a wonderful team it was. Its conference record was marred only in about 5 minutes of play in the East Side and Collinsville games. Taken as a whole, our 1945 football team is one we can all be proud of.

## Coach Ingles

Much of the credit for a successful basketball team goes to the coach, who has to be well-liked and know how to shape the boys into good basketball players. This fits George Ingles very well. He spent much of his time working with the players, instructing them in good sportsmanship and in playing the game.

In the last two years Coach Ingles has given Alton two of the best basketball teams it has ever had. We all extend our congratulations to him and hope that his teams may be as successful in the future as these have been.

# Basketball Summary

The team, inspired with a "never-say-die" spirit, ended its season with a slight let-down from last year. The Hilltoppers' few defeats did not stop their fans from supporting their team. Anyone who saw the Alton team play saw an exciting game with plenty of sportsmanship and team work. The Redbirds were handicapped at mid-year when two of their main players, Schotters and Morwood, graduated.

However, with Coach Ingles' efficient coaching the teams showed great improvement. Although Alton did not win all of its games, any team who played them knew that they had been in a tough basketball game.

Those boys who played on the squad deserve much credit for the time and energy which they spent while they played for our school.

## JIM YOUNGBERG, *Basketball Manager*

For three years the spirits of the basketball team have been bolstered by Jim Youngberg. In his sophomore year, Jim took over the job of managing the team. Some of his jobs were: keeping the uniforms sorted; taping ankles; and carrying water and towels to the boys during time out periods. Jim deserves a great deal of credit for a job well done.

*The 1946 Track Squad*

## *"Track"*

Much credit is to be given to Coach Jureziz for the way the track team was developed after his return from the army. After a "Dark-age period" during his three years absence, he again helped the team gain recognition in the Southwestern Conference District. Beginning his work as the last traces of snow left the cinder path, he conditioned the squad for its nine meets during March and April.

This year it was Coach Jureziz's plan to develop each boy personally in the event or events for which the boy was best suited. He was fortunate in having a large number of sophomores in addition to many of last season's group. Although conditions prevented a track team last season, it nevertheless provided a conditioning and experimental period out of which were to grow this season's tracksters.

### *The Rifle Team*

The Rifle Team, under the very capable sponsorship of Mr. Wools, has given a good account of itself this year. Early in the fall, the team joined the Greater St. Louis Junior Rifle League, composed of teams from Webster Groves, Cleveland, C. B. C., Beaumont, St. Louis, and Alton High School. The Rifle Team played five rounds and emerged with a .200 per cent average at the end of the final round. Gail Schumacher scored the highest average for Alton. Considering the stiff competition that a team encounters in this league and that our team has the opportunity to practice only one evening a week, its record is very good. A fine future is predicted for the boys next year.

### THE ART STAFF

The art staff has contributed much toward the success of the book. They are responsible for the many clever posters that were seen in the hall advertising the various Tatler drives. They also assisted in the assembling of the book and they prepared the end sheet.

## *Our Advertisers*

Bill Bull and John Kay sell advertising space to a returned veteran, Mr. Edsall, who recently opened a jewelry store.

## *In Appreciation*

Few students of Alton High School realize how much they owe to the merchants and businessmen of the Alton area who advertise in this book. This volume of the *Tatler* could not have been published without their generous and cheerful financial support. In appreciation, we, the 1946 *Tatler* staff, urge the students of Alton High School to express their thanks by patronizing our advertisers.

## Whang Destructive Marauders With Super-X .22 Power!

Marauding pests take a heavy toll of game. You can protect game from its natural enemies, and get a lot of good sport at the same time, by going after pests with SUPER-X 22 cartridges. A bob-cat, coyote or wolf is tough but he'll go down and stay down when you whang him with SUPER-X power. Available in Short, Long and Long Rifle with solid and hollow point bullets.

Could Be So Accurate!"**

That's what you'll say, too, the first time you do some serious shooting at a target with Western XPERT 22 cartridges. They find the center of the bull's-eye just as if they didn't know how to go anywhere else. When you consider their cleanliness, because they are smokeless and non-corrosive, there isn't a better buy in ammunition. Available in Short and Long Rifle.

# *The Passing Parade*

Your accomplishment in graduating gives you the advantages of being one of those more likely to succeed in the "Passing Parade" of Life's Span. From time immemorial change and progress has taken place as the "Passing Parade" of each generation has moved across the centuries. Neither we, nor you, nor anyone can stop change, stop time, or progress. For you to stay ahead of the "Passing Parade" will require the most diligent effort and hard work. You have gained the first step by completing school and staying ahead of those who fell by the wayside; your second step of accomplishment in the world is about to commence.

Owens-Illinois also realizes that change will occur. Our research facilities are continuously working on improvements in order that we may continue to be the leaders of the glass industry.

So long as you progress and stay ahead of the "Passing Parade" of Time, you will share a common fellowship with us. Many of those who graduated ahead of you have made progress with Owens-Illinois --perhaps someday you will also be one of these.
